

Joint Scholarship Opportunity

We are pleased to announce a joint scholarship program between **SherWeb** and **Champlain College-Saint Lambert** to support excellence in Information Technology with an emphasis on outstanding client support. Strong communication skills in English are desired.

A Word About SherWeb, Inc.

SherWeb's mission is to simplify the Cloud for its channel partners and business clients. With offices in Sherbrooke and Montreal, SherWeb has been helping businesses work smarter in the cloud since 1998. SherWeb offers cloud solutions that help companies become more agile in today's competitive market and reduce IT costs. SherWeb is proud to collaborate with Champlain College-Saint Lambert in launching this initiative to support excellence in IT Customer Support in English.

SherWeb & Champlain College Scholarship Criteria

Interested candidates must meet the following criteria to be considered for a scholarship:

- Currently enrolled and maintaining a grade point average greater than 80% in one of the IT programs with a Client Support and Problem Solving focus within the Department of Continuing Education. A transcript must be provided;
- Provide an updated CV and letter (less than 500 words) explaining why you are deserving of the scholarship;
- Willing to be interviewed and accept a position with SherWeb;
- Each applicant, having met the above criteria and being selected for this scholarship opportunity by the joint committee, will receive \$500 when hired by SherWeb (first payment) and then an additional \$500 after having completed the probationary period (3 months).

All application materials (by email) should be sent by April 27th, 2018 to:

Eric Poehlman
