

Champlain College St. Lambert

IT Connect 2019 - Cybersecurity Edition Important Local Hotel, Restaurant and Tourist Information for Out-of-Towners

We are looking forward to seeing you at the conference and want to help you also find convenient accommodations and suggest you start booking your hotels now. To that end we have provided useful links below to find accommodations whose locations are closer to the college.

In addition, June 7,8 and 9 is also "Grand Prix" weekend in Montreal so hotel space in Montreal is booking up fast and also could cost more.

So planning your hotel stay in the South Shore as soon as possible is a great idea!

Staying in the South Shore near Champlain Regional College St. Lambert (in St. Lambert, Brossard, Longueuil, etc) will make it easier for you in terms of easy, closer transportation to the event. Also, the earlier you book, prices could be lower. In addition to hotels we've provided links for restaurants and tourist attraction information for you to discover all that "Tourisme Monteregie" has to offer.
